

# THE NEW YORK O&P COMMUNITY NEEDS YOUR HELP

New Yorkers with Medicaid managed care coverage are still denied equal access to life-changing Durable Medical Equipment, prosthetic and orthotic (DMEPOS) care compared to those with other types of insurance.

The Medicaid Parity Bill (S1616/A2520) passed unanimously through both chambers of the Legislature—only to be vetoed by Governor Hochul. The next step is clear: build the costs of this essential care into the state budget.

**THIS IS NOT JUST A POLICY CHOICE—IT'S AN INVESTMENT IN HEALTH, INDEPENDENCE, AND DIGNITY FOR THOUSANDS OF NEW YORKERS.**

**Please scan the code and complete the form to tell key state legislators and Governor Hochul that you support DMEPOS Medicaid parity.**

Check with your provider about which Medicaid plan you have.

**YOUR VOICE HELPS MAKE A DIFFERENCE!**
